

LINENHOUSE

Summer 2020-21

Summer at Linen House sees us rejoicing in unabashed escapism.

As we shift into a longed-for period of newness and hope, this inspiring collection relishes an unapologetic burst of energy, pattern and salts-of-the-earth colour.

Through sunlight, warmth and relaxation, new chapters will be written, be it through seaside landscapes, coastal towns and tropical settings, each recreated with printed or soft-washed cottons and linens with flourishes of tufting, quilting and fringing throughout.

Look to fun-loving cotton chenilles that hail famous Mediterranean sunsets as well as cushions and throws in nature's finest hues: paprika, marigold, wasabi and mint.

Float into tranquil coastal settings with reef, teal and nightfall-blue, each transporting you into a place where extended afternoons and beautifully balmy nights are the order of the day.

Rekindle that holiday romance vibe with alluring hints of lilac, blossom-pink and biscotti.

This is a collection to inspire us to escape to our best place yet, to set the tone for how every space in every room will allow for much-required respite from turbulent times.

UNICORNIVERSE

Magic isn't just for unicorns! Everyone is in on the fun in Unicorniverse, which features comical animal illustrations printed on a lilac cotton percale ground, complete with silver glitter-print details throughout. The set is trimmed with bright pink cord piping in lurex to add to its fun and reverses to cute, crayon-drawn mini-rainbows on a crisp white ground for another option.
